

Dear Henry and Beryl,

I'm happy to that you can come our school. Thank you for teaching us English. I'm enjoying this summer camp very much, though is very hot. I feel very happy. I didn't speak English loudly before, but in this summer camp, I learn we should never give up. My speaking English has improved a lot. I believe I can learn English well.

You are friendly, we are not only teachers and students, we but also friends. We play together and we are also very happy. We feel your love and your kind inspire us. We will never give up. The photos leave our happy time. When we lonely, we can take them out and remember the wonderful time.

I hope you enjoy yourselves in Guilin and Hongkong and happy everyday and have a good healthy. I wish to you can come Gongcheng again and we class 5 also wish to come Canada to visit you. I will remember you forever. ☺

Thank you again.

Yours,

Yvonne (黄云香)
