

Dear Henry and Beryl. 

During the two weeks of study, I have a good time with you! 

In the past, I was a very shy girl, too shy to speak English in front of others. I'm afraid of making mistakes. During the two weeks, you are so kind, when I was too shy to speak English, you were encourage me and gave me confidence.

Now, my heart is full of the confidence to speak English. I am very happy.

You are the very nice teachers, I really like yours lessons. After After the two weeks of learning and with your help, not only am I

more interested in learning English, but also I improve my English in listening and speaking. I am no longer afraid of learning English now, I'm falling in love with the English language!

Tomorrow you will come back, I wish the two weeks in GongCheng, you had a good time. ~~and~~ If I have a chance, I want to go to Canada to meet you. I will miss you forever!

I wish you everyday be happy and have good health.

LOVE

Yours sincerely,
Cindy
